

(8) Lodging & Meals

All teams coming from outside of our local region that need to spend nights in Valdosta must know that the invention/technology contest is an award based contest; the organizing committee's limited budget will **NOT** allow us to provide free lodging for any team.

Lodging needs to be covered by all participating teams at their own expense.

We will **NOT** be able to compensate any gas expenses either.

Visit the following website for a complete listing of all accommodations available in the Valdosta area:

<http://www.valdostatourism.com/property.html>
